

STUDENTS' SOCIETY WILL MEET THIS AFTERNOON AT FIVE

Questionnaire Will Be Distributed in Buildings Tomorrow

Survey Covers Three Basic Vet Problems

Tomorrow at 9 a.m. a questionnaire prepared by the McGill Student Veterans Society will be distributed in the various faculty buildings. The poll will question student veterans about personal details of employment, housing and finances.

In order to determine the problems facing veterans attending university under DVA grants, the Vets Society drew up the questionnaire which is being placed before the vets tomorrow. The executive of the society emphasized the need for full cooperation of all student veterans, pointing out that a comprehensive survey of the three main problems now being met by vets at college—housing, finances and employment—will be the main basis for the future working policy of the society.

Although questionnaires are being handed out tomorrow, facilities will be made available to receive completed forms from that time until Friday, October 24. This will be accomplished by placing ballot boxes in all buildings, readily available to all vets.

It was learned that most veteran organizations at other universities are planning a similar survey and that it is hoped that a complete cross-Canada picture of the position of veterans at universities will thus become known.

Dawson Photo Meet

There will be a photography meeting tonight, Tuesday, Oct. 22 at 7:30 p.m. in Rm. 20, Dawson Hall. All camera carriers are asked to turn out, as there is a good possibility of obtaining a darkroom and other photographic facilities if enough turn out to this meeting. This invitation is also extended to photo-finishing students as well as camera clickers themselves.

WORLD EVENTS

TORONTO: Harold Timmins, 40-year-old, Progressive Conservative lawyer, last night was elected over four other opponents in the Toronto Parkdale federal by-election. The election was conceded at 8 p.m. E.S.T. by Lt-Col. John W. G. Hunter, 37-year-old Liberal candidate, closest rival.

BERLIN: Shattered, hungry Berlin, still looked upon as Germany's political barometer, decisively rejected Communism in the elections, but took a stand farther to the left than in pre-war years, complete unofficial returns showed.

JERUSALEM: Agents of the Stern gang, Jewish underground organization, posted leaflets throughout Tel Aviv tonight threatening death to "every soldier carrying or wearing a gun in Palestine." The posters also warned of other measures "to combat our British enemies."

OTTAWA: Eric George Adams, 39-year-old former official of several government financial branches, categorically denied in a 34-hour appearance on the witness stand yesterday that he was a member of a Russian conspiracy to gather confidential information in Canada.

TORONTO: Settlement of a four-month strike in Canada's largest rubber plant was announced last night. The walkout was at the Goodyear Company where some 2,500 workers went on strike June 23 in a wages-hour dispute.

Require Platforms Of Nominees Tonight

Candidates for the various offices to be contested in the Dawson General Elections next Monday, October 28 must hand in their election platforms to the Dawson Daily office before 6 p.m. tonight. Failure on the part of any candidate to turn in their platform will necessitate the withholding of publication of platforms of all other candidates for that particular office. As it is desirable that platforms appear in the Daily before Thursday night's rally, it is imperative that they be in the Daily office without fail tonight.

Due to limitation of space, platforms must be limited to the following lengths: for the presidency of the Students' Executive Council, 400 words; for the presidency of the Arts and Science and the Engineering Undergraduates Societies, 300 words; for the chairmanship of the Committees and Representative to the Athletic Board, 250 words. Preferably all platforms should be typed and double spaced.

Dawson Signs Ask For Help in Poster Work

One of the behind-the-scenes organizations on the Dawson campus is the Dawson Signs, sometimes referred to by President Randy Phillips as the Dawson Paint Slingers Union. Dawson signs, as the name suggests, are the producers of those colorful squares of cardboard found at all strategic points on the campus which serve to keep the students informed on activities and coming events. They work in close harmony with The Students' Executive Council and are, in effect, that body's publicity department.

Formed last year, the club's staff consisted of six paint addicts with many more less fanatic followers coming in from time to time to help out. The huge posters on the gym walls depicting some of the tribulations of Dawson students are the work of last year's organization, of which President Phillips is the sole remaining member on the Dawson campus.

In an interview, President Phillips told The Daily that all those students with a yen for paint slinging are invited to come into the Dawson signs office, in the Admin building, at any time to try their hand at some constructive dabbling. He went on to say that the club was as yet without an executive for this year, and he hoped that all those interested would drop in this week so that more extensive plans could be made.

SPANISH CLUB

The first meeting of the Spanish Club will take place in the Grill Room of the Union, on Wednesday, October 30 at 8 p.m. Members of the Executive will be introduced to new members, the aims of the club will be outlined as well as the program of the club for this year. Senor Dubuc, a nice and young Venezuelan Lawyer will be the guest speaker.

All students taking Spanish are cordially invited to this inaugural meeting as well as all Spanish-speaking and other students interested in Hispanic language and culture. After the formal part of the meeting the present will have an opportunity of meeting South American especially invited to attend. If they so wish they may even dance, while drinking and eating the compulsory refreshments. Don't forget! Wednesday, October 30, 8 p.m., Grill Room.

Army Course Reunion Set for This Friday

Friday evening, October 25th, is the date set for ex-CAUC's to re-unite here on the campus. These one-time soldiers were stationed at Douglas Hall during the winter of 1943-44 while taking technical training at the University.

The re-union banquet is to be held at 5:15 p.m. in the Union Grill Room. Major J. C. Hope will be present as his former unit elect a new executive and plan their year's activities. Foremost amongst these is the settlement of the Army Course Memorial Bursary Fund inaugurated last spring.

Those attending are requested to contact Sandy MacGregor, Ken Haring or Gus Summerskill as soon as possible.

Debating Team Of Engineers Defeats R.V.C.

At one o'clock in the Union Ballroom yesterday slightly less than 60 students saw an Engineering debating team of Ed. Franklin and Robert Dunton win the first inter-faculty debate of the year against a team from R.V.C. composed of Eve Marler and Zeldia Cupchick. The Engineers argued in the affirmative on the topic, "Resolved that importing American orchestras for college formal is a justifiable practice." Judges for the debate were Professor Dodd from the Engineering Faculty, Miss Sydney Fullerton of R.V.C., and one neutral judge in the person of Professor Culliton.

The debate was closely contested from start to finish but it was the unanimous decision of the judges that the plumbers had presented a more convincing argument. Good use was made by Ed. Franklin of the three-minute rebuttal at the close of the debate to end the argument in a convincing fashion. The points presented by both sides were numerous and forceful but the Engineers emphasized that a formal ball is a time for steady "smooth" music. The disadvantages of Canadian bands, or the impossibility of procuring their services, were systematically enumerated.

The debate was followed by several questions and comments directed to the debaters by members of the audience. One or two points were brought up which had not been dealt with by the four speakers and which were discussed before the meeting had to break up so as to allow students time to make two o'clock lectures.

The next inter-faculty debate will be held this Wednesday at four o'clock in the afternoon in the Union Ballroom. Arts and Science will oppose Medicine on the topic "Resolved that better medical care for the public would result from socialized medicine." The medical team of Sherwin Raymond and Joe Sabbath will uphold the negative against Nat Wolfe and Bill Woolman.

Undergraduate Society To Hold Open Meeting

The Arts and Science Undergraduate Society will hold their first open meeting of the year on Wednesday, Oct. 23, at 5 p.m. in the Union Ballroom. It is hoped that many will attend, as a quorum of one hundred is necessary to carry on the business, as required by the constitution.

A report will be presented by the president of the proposed activities for the coming year, and the treasurer will submit a budget for the approval of the meeting. In a statement to The Daily, the Executive of the Society asked members to show their interest in the affairs of the Society, as well as taking part in the year's activities, by turning out to this meeting. The meeting is not expected to last over an hour.

HILLEL

Tonight at 8:30 Hillel Production presents the first of the "Learn to Play" series, a group of six lessons in acting technique.

LOST

Brown leather cigarette case with the Jamaican Coat-of-Arms in the ladies' room of the Library on Friday. Great sentimental value. Finder please return to Elaine Hendriks, 3420 McTavish. Phone MA. 4824. Reward.

Red and White Society Signs 525 Students to Membership

The executive of the Red and White Society have announced that 525 students indicated their desire to take part in the organization of events to help boost campus spirit and attendance at athletic functions, in last week's registration.

Plans are being made to have registration at Dawson next week for the formation of a branch on that campus. The executive also announced that plans are underway to run a special train at very low fare to the game at Queen's next week. The following students who signed Red and White Society cards are asked to be at the Union Ballroom at 1:25 p.m. today to elect their team officers for the coming year:

Team No. 1

Men: Archer, J.; Bird, T. C.; Connolly, D.; Dadds, D. J.; Dunfield, A. H.; Forgues, R.; Jones, W.; MacDonald, K. J.; MacLean, G. L.; Manson-Hing, W. K.; Mitchell, G. D.; Park, A. A.; Polls, J.; Raymond, A.

Women: Abramovich, V.; Bennet, A. E.; Camp, M. C.; Eaton, J.; Furstenburg, C.; Garrioch, S.; Grecoff, L.; Guayle, M.; Karn, M.; Kenyon, M.; Knight, A.; Jopp, S.; Mount, E.; Peterson, J.; Playfair, L. J.; Robb, J.; Scott, M.; Speevack, M.; Woolsey, E.; Wood, L.

Team No. 2

Men: Allan, C. M.; Corbett, F. M.; Digby, J. R.; Duill, J. L.; Fuller, L. B.; Landau, P.; Lee, R.; Lindsay, E. B.; Locke, M. D.; Mathews, D. S.; Macintosh, A. J.; Michel, L. G.; Perry, A.; Tetley, W. A.; Vipond, F.; Wong, W. F.; Zaine, N.

Women: Ayer, G.; Brown, P. J.;

Bucci, R.; Carriere, R.; Craighead, I. M.; Griffith, I.; Jenkins, D. G.; Kidd, P.; Koltz, J. M.; Lymburner, G.; MacDonald, A. E.; McLachlan, C.; O'Toole, E.; Robertson, M.; Smith, I. B.; Van Norman, J.; Wiens, J. M.

Team No. 3

Men: Bushy, M. J.; Fraser, I. R.; Fuller, E. W.; Jeffers, N.; McCague, D. R.; Moriarty, J.; Newcombe, E. P.; Raymond, B. A.; Schneider, G.; Seto, A.; Smith, D. B.; Spector, S.

Women: Baker, B.; Bruneau, E. M.; Clarke, D. M.; Coonan, V.; Eyres, J. L.; Farthing, J.; Gibb, I.; Harper, S.; Little, K. K.; Macrae, M. B.; Noble, P.; O'Brien, E.; Patten, D.; Peters, A.; Purcell, A.; Rodriguez, F.; Ross, B.; Smith, A. B.; Skelton, M.; Tabah, M.; Welter, F.; Williams, P.; Wright, P.

Team No. 4

Men: Armitage, R.; Barrett, P. F.; Brett, R. L.; Chamberlain, H. P.; Clark, D. B.; Davis, B. J.; Gallagher, R. R.; Gilmore, F. P.; Gourdeau, G.; Howley, D. E.; Lawton, R. W.; Jones, W. L.; Quinn, V. N.; Sakella, M.

Women: Baxter, E.; Brophy, P.; Braunstein, G.; Clancy, D.; Craig, L.; Cupchick, Z.; Davidson, D. I.; Early, H. H.; Grant, R.; Kiehlend, H.; Levitz, I.; Macfarlane, L.; MacGibbon, M.; McLachlan, J.; Ostroff, I.; Parkin, E.; Pitfield, S.; Robinson, B.; Solomon, N.; Taylor, J.; Tenzer, A.; Udow, N. B.

Welles Praises Leaders for Freedom Fight

Toronto, Ont., October 21.—(CUP)—Summer Welles, former U.S. under-secretary of state from 1937 until his resignation in 1943, spoke in Convocation Hall at the University of Toronto last night on "The English Speaking Democracies."

Mr. Welles told his audience that the two systems, Democracy and Communism, could exist simultaneously provided the Communists do not attempt to force unwilling people to accept their doctrines. He praised the English-speaking peoples as the present-day leaders in the fight for human freedom, and praised Canada's continued demonstration of the principle that tolerance must be practised if freedom is to live.

Dealing with the Palestine problem, Mr. Welles said that all nations are involved and that international trusteeship provides the best solution at present for a stable Palestine government.

In conclusion, the speaker said that unless all the peoples of the earth forge an identity of interests, world peace under a stable world order can never be a certainty.

The talk was sponsored by the John D. Rockefeller Foundation, a memorial fund set up two years ago with the purpose of bringing to Canada speakers and thinkers on subjects of international importance. Mr. Welles will speak in Winnipeg tomorrow evening and in Montreal on October 23.

CANADIAN CAMPUS

— a CUP feature

Record Registrations

With final registration figures nearly complete, this year's student population will go down in history as the greatest ever to enter Canadian universities in a single college year.

Completely overwhelming facilities meant to handle only a fraction of today's enrolment, this unparalleled influx of students, many of them veterans, have caused a shortage of accommodation, classrooms, text books and laboratory facilities all across the Dominion.

Meeting the emergency by incorporating army huts, empty manning depots, and service camps, as well as every available foot of unused space in university buildings, into their present facilities, most institutions are now planning expansion to accommodate adequately an increased student population.

In line with this policy war memorials are taking the form of libraries, gymnasiums and residences, which will again bring university facilities on a level with the needs of their students.

Varsity... Leading all Canada in enrolment figures, the University of Toronto has a registration, this year of 16,587 students, with practically as many enrolled in the Arts faculty alone (7,402) as Varsity's total 1939 enrolment. Like McGill, Toronto has expanded its facilities with the extension of an auxiliary college, Ajax, which corresponds to McGill's Dawson College, a converted Air Force station.

U.B.C.... Here, nine thousand students, more than half of them veterans constitute a record registration which is nearly five times the normal prewar enrolment. In addition to hutments used as temporary

(Continued on Page 4.)

First General Meeting Will Allow Student Body To See Council in Action

Players' Club For Session Outlines Plans

A new series of one-act plays produced by the McGill Players' Club, will commence this year. In addition to these productions, the club intends to present two major productions, as well as enter intercollegiate competition. This was the programme outlined to the 50 old and new members at the first general meeting of the club yesterday.

The new series of plays will commence with "What's in a Name," by Mary Smith. The play will be produced on November 5th, and casting for the play will begin on Wednesday. The club intends to present several one-act plays per term in an effort to give every member a chance to participate in the club's activities.

Although at present, plans for hall space are indefinite; work is being done on their first production, "Dear Ruth," by Norman Krasna. This play, a lighthearted comedy, will be produced during the month of December.

The president, David Townsend, announced that the club intends to enter the Inter-University Dramatic League's One-Act play competition this year. This group, composed of eight Eastern Canadian colleges, will hold their contest the end of February. All plays entered in the festival are a completely student production.

Casting starts for the one-act plays on Wednesday at five o'clock in the club room. All students interested in backstage work, such as lighting, props, costuming, designing, etc., are asked to come on Thursday at five o'clock. Any students who cannot come at these hours are asked to contact Edith Cannon, the secretary, at R.V.C.—Ma. 9178. "Any student who did not come to yesterday's meeting is still able to join the club," the president stated, "and that all they are required to do is attend one of the coming meetings."

English Dept. Plans Additions

A long range training program on dramatic production has been launched by the English Department. In connection with this, the Department has announced the appointment of William Long as lecturer, and Mary Wood Long as assistant to aid Prof. Hall, Director of Dramatic Production.

The program will be inaugurated with the introduction, in the second term, of three new courses, augmenting the present 13 and 22. The new courses will cover (1) Acting, Directing and Managing. (2) Costumes and Makeup, and (3) Scenery and Lighting. In the future it is planned to introduce other courses covering speech and speech correction, radio and television.

Mr. Long received his B.A. in Education and a Masters degree in Dramatic Art from the University of North Carolina. He was discharged last spring after four years service with the U.S. army. Mrs. Long has both a B.A. and Masters in Dramatic Production from Northwestern University.

Mr. Long will serve as Technical Director in the Production while Mrs. Long will be in charge of Costumes and Makeup.

PROGRESSIVE CONSERVATIVE CLUB

The regular meeting of the Progressive Conservative Club will be held in the Union Music Room at one o'clock today. All members and supporters are asked to bring their ideas and arguments to be used at the coming Model Parlia-

Daily Lecture Series

Continuing the series of lectures in journalism, Herb Shayne, Managing Editor of the Daily, will speak on "Layout, Copyreading, and Photos" at 5:15 today in the Music Room of the McGill Union.

Tint Buck, Daily News Editor, will complete the series at Dawson with a lecture on News Coverage and Features Material in the Dawson College Daily office at 7:00 p.m.

Plan Meet for RVC Debaters This Thursday

The Women's Debating Union is going to hold a tea this coming Thursday in the R.V.C. Common Room from 4 to 6:30 p.m. which all women students are invited to attend. Mr. John Dando will give an address on the essentials of good debating.

This meeting will begin the activities for the year. The Union plans to hold regular informal discussion meetings, panels, forums, and debates for the women only. They will carry on their usual program of interfaculty and intercollegiate debating.

Tea will be served twice, from 4 to 4:30, and again from 5:30 to 6:30, so that the women students will not have to miss it due to 4 or 5 o'clock lectures. The opening meeting will then be held from 4:30 to 5:30, and Mr. Dando will give his talk. An outline of a varied program of popular interest, which has been suggested, and the election of a permanent executive will also be held during the meeting.

It is felt that all women students will enjoy these opportunities to develop their self-assurance and public speaking ability, and they are all invited to attend this meeting so that they may acquaint themselves with the activities and program of the Women's Debating Society.

Club to Hear Prof. Boulding

Professor Kenneth Boulding, head of the Department of Economics, will be guest speaker at the opening meeting of the Political Economy Club to be held this Thursday evening at 8 p.m. in the Grill Room of the McGill Union. The subject of his address will be, "Consequences of a Not Very Political Economist."

The Political Economy club is one of the older institutions on the campus and is devoted to the discussion of topical aspects of economics. The group serves as an opportunity for both general and economics students to discuss various problems connected with the field and to further their knowledge of the subject.

Professor Boulding, has come to McGill University this year from the United States and in a short space of time has gained the reputation of being an extremely interesting and informative speaker. He has delivered several addresses in Montreal on pertinent economic subjects. The author of several books, he is rated as one of the continent's leading economists.

The meeting this week is the first in a series which have been planned for the year. The executive has designed a programme aimed at interesting both the general and advanced student.

ment at which the club will oppose a bill to be presented for the nationalization of the Aluminum Company.

Mr. John Hackett, K.C., M.P., will speak at an open meeting on Thursday, October 24, at 5 o'clock in the Union Ball Room. He will speak on the "Progressive Conservative Party Policy." All students are cordially welcome.

500 Quorum Needed for New Motions

The Students' Society, of which every McGill student is a member, meets today at five p.m. in the Union ballroom. The first general meeting of the year, it will give society members the chance to meet their Student Executive Council and to question them about administration of the various groups which come under their direct supervision. It will also give new members a chance to become familiar with Society procedure.

The object of the Society is to control all undergraduate extra-curricular activities except athletics. Do you and your friends want to start a Poker or Yodelling Society? Is it your aim to help put the force of McGill student opinion behind oppressed Thalavian students? Your Students' Society must endorse these ventures.

For important decisions such as changes in the Society constitution or a resolution bearing the approval of the McGill student body, a meeting of the Society itself must be called requiring a quorum of 500. To officiate at these meetings, a president and vice-president are elected.

For ordinary administrative work, such as approval of club constitutions or budgets, or selection of a committee to fix dates or organize a dance, the Executive Council is in charge. The Council is made up of thirteen members: one from each faculty and a representative each from the McGill Union, the Women's Union, The Daily, and R.V.C., as well as the president of the Society.

Precedence of Motions
Providing there is a quorum at the meeting this afternoon new business may be introduced from the floor. The following information is related to the precedence of motions, and may be helpful to students new to meetings of the Students' Society.

1. To adjourn. (Debatable as to time only.)
1. To take a recess. (Not debatable.)
3. To raise a point of order. (Not debatable.)
4. To move to vote on a question. (Not debatable and two-thirds majority required.)
5. To limit or extend the limits of debate. (Not debatable.)
6. To postpone to a definite time. (Debatable as to time only.)
7. To amend. (Debatable.)
1. The main motion. (Debatable.)
2. To raise a point of order (3 in the above list) is the only legitimate means of interrupting another member while he is speaking. The point of order must be stated to the chairman, who will decide without debate although he may ask opinions. His ruling may be appealed by the member; and if this is done, the chairman restates his decision and the point of appeal and then puts the following question, which is not debatable, "Shall the decision of the chair stand as the judgment of this meeting?" A simple majority determines the outcome of the issue. This merely settles a point of procedure and is not a vote of confidence in the chairman.

Amendments
Amendments to a motion may be proposed at any time during the discussion. Not more than two amendments may be before the meeting at one time. However, as soon as one amendment has been dealt with, a different amendment may be proposed.

Voting on motions and amendments is in the reverse order to that in which they are made:
1) On the amendment to the amendment.
2) On the amendment.
3) On the motion as amended.

Red Netmen Take Early Lead in Intercollegiate Play

McGill Takes Four, Loses One Contest

The defending champions are on the way to retaining their crown. That's the way it looks after the first day's play in the Intercollegiate net tourney as the McGill tennis team smashed home to four victories in five matches to take an early lead.

The tourney started indoors due to inclement weather conditions on the outdoor courts. Wasting no time in putting their best foot forward, the Redmen paced by Jack Spencer took the first match 8-6, 10-8. The doughty McGill captain was hard pressed at times but his opponent was no match for the fast-footed tennis star.

DUFORD, MARIEN WIN
Barnie Lawrence reported the sole Toronto victory by upsetting Jim Duff in three action packed sets 6-1, 4-6, 6-4. This defeat was avenged as Bob Duford and Bren Marien both scored convincing victories. The former routed Murray Thompson, 6-3, 8-6, while the latter took Cabless into camp handily by scores of 1-6, 6-3, 6-3. Collin Ramsay continued the victory march with an overwhelming 2-6, 6-0, 6-2 score.

The University of Montreal, Queens' set produced but one match yesterday as Tannet beat Lush of Queens' 6-1, 6-2. Due to the change in locale only six of the original fourteen matches could be played. Every attempt will be made to catch up these matches in the ensuing days of the tourney. A temporary indoor schedule has been arranged for today. It is subject to change depending on whether outdoor play is feasible. A total of twenty one matches will be played with the winner being the team obtaining closest to twenty-one points.

The draw for today is as follows:
10 a.m. Levittin Q. vs. U. of M.
Smythe Q. vs. Faulkner U. of M.
11 a.m. Cooper Q. vs. Trahan U. of M.
Bartlett Q. vs. Poplin U. of M.
12 a.m. Anderson-Joyner T. vs. Spencer-Dufford M.; Lawrence (Continued on Page 4.)

Med, Phys Ed Victorious in Softball Loop

In one of the closest softball tilts seen this year, Medicine I nosed out Arts & Science III & IV 8-7 in the second tilt of yesterday's double-header. With many members of last year's Arts & Science 3 & 4 team on the Medics nine this year, namely Heller, Knight and Cherney, the boys from up the hill tallied three runs in the ninth to cop the game.

The first casualty in this season's faculty war, Herb Lewis, was forced to leave the game with a broken finger and it was with the latter gone that the doctors came from behind a 7-6 count to sew up the game with 3 runs.

BERRY GOOD
In the opening contest Phys Ed 2 showed they had no fear of the Dentists' pull by banging out 14 hits to account for 17 runs while the Dents could do no better than 8 runs on 7 hits off Woodhouse. Standing out for the Phys Ed was Berry who batted 3 for 3.

Today's and Wednesday's games are as follows:

Today
5.15 p.m.—Eng. II B vs. Med. II—McCluscock.
6.00 p.m.—Eng. III vs. Phys. Ed. III—McCluscock.

Wednesday
5.15 p.m.—Med. I vs. Dent. II—Sealey.
6.00 p.m.—Eng. II A vs. Phys. Ed. I—Sealey.

Co-ed Cagers Start Practices Tomorrow

The opening matches of the women's inter-section basketball competition are scheduled to take place on Friday Nov. 1st, when section E meets section B at 4.00 p.m. and section F plays section D at 5.00 p.m. in the Upper Gym in R.V.C.
In order to give the managers a chance to meet the girls in their section who are interested in play-opportunity to get into condition, there will be practices with coaches on Wed. Oct. 23 from 5-6 p.m.; Fri. Oct. 25 from 4-6 p.m. and the following Wed. from 5-6 p.m.
The section managers therefore urge all coeds interested in this activity to turn out to the practices this week and to the matches in the coming weeks.

DAWSON CALLING

By Scoop Pearl

Thirteen months ago, Sir William Dawson College was an educational experiment. Today, it is a success. Along with this academic advancement, has come increased and more varied athletic activity, and always behind the scenes promoting and organizing this latter field has been Athletic Director E. M. Orlick.

Five foot nine and of muscular build, the former Dominion gymnastics star sits behind a desk in a crowded office at the Gymnasium, receiving students with ideas for improvements in the sports setup, and constantly applying these suggestions to his ever-expanding athletic domain.

The picture in September, 1945 was rather different. McGill University had just obtained Dawson College at St. Johns, and along with the first list of appointments came that of Prof. Orlick, holder of a Master of Arts degree from Hamilton's McMaster University. Orlick needed no introduction to the student body. Long a main figure in Canadian gymnastics, the present director had been with the Y.M.C.A. organizational setup for many years, and played a leading role in uncovering historic data on Canada's national game, ice hockey.

As Director Orlick himself writes in the introduction to a book recently published and released, entitled "Athletic Report on Dawson College, 1945-46: "... it will be apparent at once that the sports program at Dawson was highly successful not only from the student's (Continued on Page 4.)

Dartmouth Week-end Awaits M.O.C.ers

This Thursday evening there is to be a meeting of the M.O.C. executive and general council in the Music Room in the Union at 7.30 o'clock. It is most important that everyone comes to this meeting as a quorum of thirty people is necessary for certain motions which are to be presented. The meeting won't take long and so if everybody turns up promptly, the business should be dispensed with very easily and quickly.

Hurry up all those who haven't yet signed up for the trip to Dartmouth this coming weekend! If you have had any experience whatever of rock climbing and if you are thinking about planning a grand out-door weekend, Dartmouth is the place for you. Phone Denis Giblin at L.A. 8083 for all information about the Dartmouth invitation.

Remember the big get together of the M.O.C. on Friday evening! Splendid plans have been made for initiating all new-comers and introducing them to the wiles of the club and all past and present members are invited to be on hand to join in the welcome. It's a date!—Friday in the Union Ballroom at 8 o'clock.

Senior Track Squad Named for Big Meet At Varsity Friday

Two announcements were made at the track practice last night by Coach Wagner that affect all those interested in track competition this fall.

Of primary importance was the naming of the senior intercollegiate team that will travel to Toronto in an attempt to wrest the track laurels from the vaunted Blue and White speedsters. The second bulletin was to the effect that the intermediate track team had NOT been named and that all interested parties were expected to put in an appearance at the Stadium daily for practices.

MANY HOLDOVERS
Heading this year's nineteen man cinder aggregation are the holdovers from last year's squad that placed second to the Varsity crew, Andy Gillespie, Ed Ballon, Dick Brewerton, Bob Bartlett, and Dick Rider are entered in more than one event while Dick Pennefather, Andy Lamontagne are single event men although both might run a leg of the mile relay. Among the newcomers to the team are Hugh Munroe and Procope, as the century and furlong dash artists and Lionel Fournier a constant threat in all field events.

Meanwhile, Toronto is not sitting back and hoping to win on past performances. The Blue and White have been driving hard and have turned in an excellent record in their recent Inter-Faculty meet returning such times as 10 flat for the hundred, 15.3 for the 120 high hurdles and such distances as 6' 1" for the high jump and 163 feet for the javelin. Western and Queen's will enter only token forces but their places will certainly affect the standings between the two major competitors McGill and Toronto.

Varsity, McGill Close
One observation seems to be shared by the majority of observers and that is no matter who wins it will be a very close fight and the last two events the quarter mile run and the one mile relay will decide the meet.

The team and entries are as follows. Each man can be ENTERED in an unlimited amount of events but can only compete in Three plus the relay. Each team can enter three men in each event but can only use two of those. (Continued on Page 4.)

Dawson College Athletic Program Rolling Along At Merry Pace

Much action is noticeable in the Dawson sports palace these days with one sport after another being warmed up for the coming year. The latest ones are two inter-faculty leagues; the floor hockey and the touch rugby circuits. Teams are being entered for these two daily at the Athletics office.

FOOTBALL FROLICS
The Intermediate Intercollegiate team was out on a mucky field again for a last-minute heavy practice before the Loyola game this coming Wednesday. Coach Wally Markham stressed the passing plays and ends and halves were tearing down the field gripping Norm Burches' and "Shorty" Fairhead's passes. Wally hopes to come out victor in this all-important four-point game with the aid of this aerial attack as none of the Dawson players was injured after the win at Bishop's.

SOCCER SIDELIGHTS
News coming from Em Orlick's Athletic Office today indicates that big domes are in store for the Frank Ramsay coached Dawson soccer team. Number one item on the list is a home-and-home series with the McGill senior team; the first game to be played at McGill this Saturday, and the second at Dawson on the following Saturday, November 2. This Saturday's game at McGill will be started at 1:15 p.m. to make way for the big Western football contest. Two weeks ago in an exhibition game at McGill, Dawson carried home the bacon, so this game will be a continuation of the year-old sports feud between the sister colleges.
At the end of this series, a squad consisting of the elite of the two teams will be chosen and arrangements made for an exhibition

On The Mat with MARTIN FRANKLIN

Last week, this column ended with my being heaved bodily from the B.W. & F. Room by a playful exponent of wrestling. As I landed sack-like in the corridor, a wild idea scurried in one ear and out the other — perhaps I too might learn the inner secrets of this most unusual physical pursuit.

Thursday afternoon saw me plodding off to the first general meeting of the "Grapples' Fraternity" (and incidentally skipping a lecture on the way over). The be-muscled congregation of fifteen, which included Mazzyack, Herman, Garside, and Lesage, was called to order by Captain Wally Kowal, versatile 190-pound athlete who mixes football and track with his wrestling.

RAYMOND, SABBATH, BACK
He introduced Frank Saxon, McGill's very able coach and well-known referee at the Forum matches, and also the members of last year's intercollegiate wrestling team — namely Sherry Raymond, Joe Sabbath, Jim McCleod and Jim Stafford.

Then these veteran gladiators staged a short but highly enlightening muscle-mixing exhibition, after which we pledges of the "Grapples' Fraternity" were each teamed up with one of these experts. I was matched with 135-pound intercollegiate titleholder Sherry Raymond. He yawningly toyed with me and then, growing tired of this feeble opposition, slammed his opponent gently to the mat.

We initiated were for some reason fascinated by this scientific 'cave-man sport' and all happily repeated the chant, which was aimed at making us ever comrades of our Red and White training partners.

"He that wrestles with us strengthens our nerves and sharpens our skill. Our antagonist is our helper." (Apologies to Edmund Burke).

Kowal reminded us in closing, that workout periods would take place on Tuesday and Thursday 5-7 and Saturday 2:30-4.

WEIGHT-LIFTING POPULAR
Despite the fact that weight-lifting is one of the most popular physical activities at McGill (there were 125 actively enrolled members last year), it is probably the least publicized and least understood. The layman is wont to associate weight-lifting with an unusual type of homo sapiens who is helplessly tied up in his over-flexed muscles and whose main and ultimate purpose in life is to shove a ponderously heavy object called a barbell (a mass of iron resembling a not too miniature railway wheel and axle assembly). However, these theories are entirely without foundation. Weight-lifting is a rather general term which can be reduced into two classifications — (Continued on Page 4.)

Puck Practice Set for Today; Tempo Rises

With the opening game of the year scheduled for December 20th against the Bulldogs of Yale, the hockey charges of Coach Dave Campbell are beginning to put on steam as the first serious practice is scheduled for today from 12:30 to 1:30.

GELINEAU IN NETS
In the nets for the Redmen, Jack Gelineau will be out to stop the best that the McGill forwards can top and if they can put any past 'Jack Be-Nimble' they will be able to put them past any goalie they bump into this year.

The defence has some pretty boys trying out for spots on the big Red team, Heron, Broderick and Gooselin lead the list but a lot of promising and unknown talent has shown up.

On the forward line, the Hale, Sinclair, Hale line is intact while O'Connor, the money man of last year's team will be back as well as Beigler, Miller and Chalmers. Joey Petit who sparkled with Les Canadiens in the J.A.H.A. in pre-war days, also kindles the fires of joy in the heart of Coach Campbell.

The chief loss to the Red team

Rugger Squad Chosen For Toronto Match

On the strength of recent practices and the two previous games in which McGill took Westmount 28-0 and Saturday's game against a combined Westmount-B.O.A.C. team in which the McGill squad gained a 3-0 verdict, the selection committee has chosen the following rugger team, subject to minor alterations.

Several players have sustained nasty injuries recently which leave their eligibility still in doubt for the first intercollegiate game against Varsity in Toronto this Saturday. Considerable interest surrounds this initial encounter as it heralds the return of serious post-war competition.

All players mentioned below are requested to attend a dinner and meeting at the Union at 6 p.m. Final practices and drills are called for on the upper field on Wednesday and Thursday. The team as it stands is: Thompson, McKell, Whitehead, Coady, Goodwin, Fraser, MacDowell, O'Brian, Smith, Brewerton, Simpson, Pitts, Bell, MacLean, Telley, Jukes, Anderson, Gillespie.

is Gino Pierson, who left the simon pures to join the Boston Bruins farm system! 'Black John' broke his wrist while playing for Don Penniston and the Hershey Bears and was out for a spln with (Continued on Page 4.)

For HEALTHY, GOOD-LOOKING HAIR...

Check DRY SCALP with Vaseline HAIR TONIC

Dull, lifeless hair, itching, loose dandruff, mean just one thing... Dry Scalp... a deficiency of natural scalp oils. Overcome it quickly and pleasantly with 'Vaseline' Hair Tonic. Only 5 drops a day tones the scalp and restores natural lustre to your hair... gives it that day-long well-groomed look. Use with massage before shampooing, too. Economical because so little does so much. At toilet goods counters everywhere.

A moment in the Morning... HAIR GROOMED FOR THE DAY

Governing Body of the Students' Society

Above are pictures of 12 of the members of the Students' Executive Council. The Students' Council is the governing body of the Students' Society. It is responsible for all student activities and is the official voice of the students both to the University Authorities and the general public. The Council consists of representatives, elected from each Faculty, as well as the President of the Students' Society; Editor-in-Chief of The Daily, and the Presidents of the Men's and Women's Unions. The Representatives of the different faculties hold office from the 1st of January for one year. Mr. Fletcher, the Secretary-Treasurer, is the only permanent member of the Council.

The Daily wishes to apologize to the two members whose pictures are not included, Barbara Goodwin and Hugh Bonnell. Pictures of these two members are not on file and we were unable to contact them in time to have cuts made.

Dawson—p. 3

point of numbers participating but also from the splendid showing made by representative athletes and teams. This is particularly noteworthy in view of the fact that all sports started from scratch, with no playing equipment; limited facilities, insufficient coaching, no past organizational set-up, no managerial system, and similar handicaps.

In the ensuing paragraphs, Orlick points out that in spite of these handicaps, "a fighting spirit arose which carried many a team to victory over a superior opponent". From a two-strike count, Dawson College has managed to smash a home run.

As previously stated, the man behind the scenes, in charge of organization, obtaining of equipment, improvement of facilities, and public relations was unsung hero Orlick. To be contacted at almost any time of the day, Orlick occupies a small office in the Gymnasium at the centre of all athletic activity, greeting all comers to his bureau with enthusiasm. Lined up in the bookshelves, which take up a large amount of his space, are varied textbooks ranging in titles from "Modern Psychology" to "Revised

Basketball Rules". At close range to his office are a telephone and listings of all sports activities going on at the college. Part of the wall is covered with schedules. The office is cosy, and the smiling figure seated behind the desk endeavors to make everything as pleasant as possible.

Today, as contrasted to the picture one year ago, Dawson College has increased the number of its teams, and expanded its Intramural Activities. Football teams are currently participating in the Q.R.F.U. and the Intermediate Intercollegiate League, and it was only this Saturday that Dawson suffered its first League defeat in that sport in more than a year's participation. A basketball team has been entered in the Senior Montreal Basketball League, and Orlick is endeavoring to obtain Ron Wilson, outstanding Montreal player, to coach his team. A team will of course be entered in the Intermediate M.B.L. and the large number of intra-mural squads will raise the total of students taking part in that sport. Track talk is now being heard in the narrow corridors of the gym, as enthusiastic trackmen look forward to the Intermediate Intercollegiate meet, to be held November 2. Soccer badminton, bodybuilding, fencing,

floor hockey, water polo and between ten and fifteen other sports are all being offered at St. John's. The big figure looming behind this picture is Em Orlick, who must get a satisfied feeling every night when he slips into bed after a hard day's work and looks back upon the athletic setup he was largely instrumental in developing at St. John's.

Yes sir, I am sure that 1,699 Dawson students agree with me when I say, Em Orlick is a swell guy.

On the Mat—p. 3

weight training and weight-lifting proper. In this first article on weight-lifting, these two divisions must be explained.

Weight-training or body building as it is sometimes called is a scientific method of developing the body via the barbells and dumbbells (apparatus consisting of iron bars with adjustable round iron weights at the ends).

The body beautiful enthusiast manipulates a poundage sufficiently light enough for him to perform an exercise five times. In very brief time, this type of vigorous muscle working exertion strengthens and enlarges his manly physique. As the beginner continues training one to three times a week for five minutes to two hours, he finds that he is gradually able to employ consecutively heavier and heavier barbells. Finally, he becomes so powerful and well-built that he is able to earn sixty cents an hour

on any construction gang... besides, of course, being able to slam overhead very impressive poundages.

The husky athlete may, if he is interested in seeing how much he can put aloft, turn to weight lifting proper; that is, he concentrates on the three competitive Olympic lifts—the press, the snatch and clean and jerk. These three different overhead movements are repeated several times in practice but in a contest they are each done once. The aim of such a meet is to see who can boost the most at arms-length.

Unfortunately, from this competitive lifting has sprung the erroneous idea that the participants are straining themselves to the maximum. The onlooker does not realize that these V-shaped strong men have had years of continuous weight training to condition their bodies and then have specialized on weight-lifting proper.

At McGill, the majority of iron-clangers are interested only in body building (only five are devotees of weight-lifting). Every Wednesday in the B.W. & F. room from 5:15-7:00 and Saturday from 2:30-4:00, capable Coach Charlie Walker is on hand to instruct fledglings. Incidentally, a quarter ton of new equipment is arriving next week. Come down and help us—it will give you a lift!

Senior Track—p. 3

100 yd. dash: Munroe, Robinson, Procope. Also for the 220 Yd. dash.

440 Yd. dash: Pennefather, Lamontagne, Gillespie.

Javelin: Fournier, Brewerton, Bartlett.

Letters—p. 2

an excess comma, we request that should you refer to jazz in your columns in future you resort strictly to the use of commas, and relegate Messrs. Powell and such to their rightful place; which is: as the logical third member of that "better wipers and waste" thing

Leagues Still Team Hungary At Dawson

Reports are coming out of the gym each day now of leagues which are being introduced to this year's Dawson students. The latest of these sports to appear came out yesterday with notices being pinned up for intra-mural floor hockey and touch rugby. Manager J. Goldwater has put out requests for six-man floor hockey teams with any number of substitutes. He would also like two more managers to help him run the league. Nearly one dozen teams have already entered and there is still room for more. Entries may be handed in to Em Orlick at the Athletics Office. There is also a touch rugby league being started on the same basis. Team entries may also be handed in to the Athletics Director.

The tennis and ping pong round-robin tournaments are well on their way now with almost all of the 170 odd contestants having finished their first round. The second round should be started today.

SKIERS

There will be a ski meeting at the lecture-room in the gym, on Wednesday at 5 p.m. All those interested in competitive skiing will find it very interesting. Don't wait until the last minute to become enthusiastic about skiing.

WRESTLING NOTICE

Today at 5:15 in the BW&F room of the Curry Gym Coach Frank Saxon will meet the aspirants for this year's team. This first practice will be devoted to basic instruction for beginners and review of essential holds for last year's team members. Sabbath and Raymond who have been away for a week will definitely be on hand.

LOST.

A sum of \$15.00 was lost yesterday noon at the English 4 lecture in Moyse Hall. The loser faces a severe future if the person who found the money fails to return it to Ann, EL 2147.

LOST.

which advertises itself periodical-ly!

As for Jolly Tom Dooley (sometimes described in very doubtful quarters as Canada's greatest contribution to jazz), may we inform you that not only did he not play "I Wish I Could Shimmy Like My Sister Ellen", but was utterly unfamiliar with that immortal melody. Inasmuch as Dooley laid down his horn, for what have mistakenly been described as artistic reasons, in 1927, he could not have been familiar with the song in question, as it was not written until 1933 by Sammy Kaye.

The Dawson Downbeat and Lower Peel street Societe de Jazz Hot.

Canadian Campus—p. 1

classrooms and living quarters, U.B.C. has a five million dollar building program in full swing, with further construction planned in the building of their war memorial gymnasium.

Western... This year's enrolment at Western will be the largest in its history. To accommodate the influx this year, and prepare for future large registration, Science, Zoological and Botanical buildings are nearly completed, and a further construction program is planned.

Bishop's... Crowded but not cramped, Bishop's University has doubled up on residences and shifted lecture time-tables to accommodate an enrolment of 204 students, a seventy per cent. increase over pre-war registration.

St. Francis Xavier... At this university the enrolment has tripled from pre-war figures, bringing the total registration to 1,200, a record high. To solve housing shortages army huts have been converted into apartments to provide living quarters for married veterans attending here.

Acadia... A record enrolment of 891 students has made it necessary for students at Acadia to find accommodations at neighbouring Alder-shot Army Camp. Added housing facilities is provided by the newly completed men's war memorial residence on the campus.

McGill... The total number of students taking university courses at McGill has reached 7,558 this year, the highest registration number in McGill's history. In an effort to combat the acute housing shortage faced by many students, the majority of them veterans, the university had taken over the Lachine manning depot which has been renamed the Peterson Residence. After the January enrolment next term the complete registration at McGill will probably include 8,000 students.

He grabbed me by my slender neck

I could not yell or scream

He took me to his dingy room

There we couldn't be seen

He tore the wrap from my body

I knew I'd come to harm

I was very cold and sweaty

He was very warm.

He put his lips against my mouth

I thought he wouldn't stop

He drowned my very substance

To the last resourceful drop

He made me what I am today

Just as you see me here,

Empty hearted, thrown away,

An empty bottle of beer.

231 ST. JAMES STREET WEST

MONTREAL 1, QUE.

Puddles & Hurdles
By Alan Lawrence

Although Dawson was not represented in all events, the St. John's team turned in a fine showing... It's rumoured along Dawson corridors this morning that Dawson College might have won the Inter-faculty Meet had instructions not come from Montreal to the effect that the number of St. John's entries be limited... Pete Grahame turned in a memorable performance at the Stadium when he broke the tape at four minutes and 52 seconds in the one mile race. Incidentally, the track was muddy, which makes the time all the more noteworthy... Other Dawsonites who turned in fine performances were Proepp and Robinson, who tied for second place in the 100-yard dash, and who came second and third respectively in the 220-yard event... Joe Quellet, just missed a first in the shot-put event by about an inch... Bob Bowker handicapped by the muddy field and stiff muscles, managed to POLE-off a third... Trackmen were brought to Montreal by a special bus that left the campus at 12:30 and got back in time for a refreshing Dawson meal at 6:30... Two Dawson supporters were noted among the crowd, and that blond wasn't bad looking either... About 18 made the trip to Sherbrooke St. branch. East was found in the pits instead of sawdust.
